Himanshu Chaudhary

Immediate Joiner | Open to Opportunities

chaudharyhimanshu4645@gmail.com 9999014645 Noida , India LinkedIn Portfolio

SUMMARY

Full Stack .NET Developer with **4.6+ years of experience** in building **scalable web applications** and **RESTful APIs** using ASP.NET MVC, .NET Core, and Web API. Proven expertise in **performance optimization (up to 80%)**, SQL query optimization, and automation of business processes. Experienced in developing enterprise-level CRM systems, payment integrations, and end-to-end application workflows. **Immediate joiner**, open to opportunities.

SKILLS

Programming Languages: C#, JavaScript, HTML, CSS

Web Development and Frameworks: ASP.NET MVC, ASP.Net Core, Web API, Bootstrap, Azure

Databases: SQL Server, Entity Framework, LINQ, MySQL

Tools: Visual Studio, Git, ChatGPT, Github Copilot, Gemini AI, Postman, TFS, SSMS

Concepts: RESTful APIs, Scalable Architecture, Performance Optimization, SQL Optimization, API Integration

PROFESSIONAL EXPERIENCE

MVC Developer Nov 2023 – Present | Noida, India

Global Opportunities:

- **Spearheaded performance optimization** of the internal CRM dashboard, leading to a **30% improvement in module load times** through efficient refactoring and resource handling.
- **Designed and enhanced multiple modules**, including Applicant Reports and Visa Processing Workflows, to streamline **end-to-end student lifecycle tracking**.
- **Developed a configurable communication framework** for automated email and SMS notifications, successfully automating **70% of manual outreach processes**.
- **Collaborated with cross-functional teams** (product, QA, backend) to **integrate scalable features** and improve **data flow consistency** across the platform.
- **Improved user experience** by simplifying complex workflows, contributing to a **25% reduction in support tickets** and enhanced system usability.
- Actively involved in requirement analysis, system design, and delivering end-to-end scalable solutions in an agile environment

Software Developer Aug 2021 – Nov 2023 | Noida, India

Dishtv India:

- **Developed and maintained scalable web applications and RESTful APIs for D2h.com** using **ASP.NET MVC, Web API, SQL Server, JavaScript, jQuery**, and **Bootstrap**, ensuring high performance and scalability.
- **Refactored core business logic modules to achieve performance optimization and SQL query efficiency**, resulting in **up to 80% performance improvement** and significantly reducing backend system load.
- **Enhanced key transactional flows**, contributing to increased **user engagement and revenue growth** through smoother customer journeys.
- **Collaborated with cross-functional teams and stakeholders** to identify and resolve critical issues, delivering consistent improvements in **user experience across web platforms**.
- **Integrated secure payment gateway APIs** and developed an **automated invoice generation feature**, boosting **transaction success rates** and improving post-purchase processes.

- **Designed and implemented dynamic dashboards** for **user account management** and **service upgrade workflows**, improving accessibility and operational transparency for end-users.
- **Designed and integrated multiple APIs ensuring secure, scalable, and efficient data flow across systems**

Key Projects

D2h.com (Dishtv India)

- Built scalable modules for payments, subscriptions, and dashboards
- Improved system performance by up to 80% through backend and SQL optimization
- Integrated payment gateways and automated invoicing

CRM System (Global Opportunities)

- Developed student lifecycle and workflow management system
- Automated communication processes (Email/SMS) reducing manual effort by 70%
- Enhanced usability, reducing support issues by 25%

EDUCATION

Bachelor Of Engineering 2017 – 2021 Greater Noida, India

NIET Gr-Noida

Relevant Coursework: Data Structures,
Algorithms, Object-oriented Programming, Software Engineering
